

WEB SEMINAR

There have been several recent legislative changes designed to make financial aid more accessible to foster youth, including automated verification of foster youth status for federal Pell grants and expanded eligibility for CalGrants and the Chafee Education and Training Voucher.

This webinar will feature representatives from the California Student Aid Commission (CSAC) and California Department of Social Services (CDSS) who will outline the changes and will demonstrate new features in the WebGrants system now in place to operationalize these developments.

Thursday, December 13

10:00 - 11:30 A.M.
