General information about the FAFSA

→ Click “Next”
*Complete the eight sections listed as tabs at the top of the screen.

*“Independent Students” will be able to skip “Parent Demographics” & “Parent Financials”
Student Demographics Section
Student Name: Make sure that your name matches exactly as it appears on your Social Security Card.
Email Address: Double-check the email address to make sure there are no typos.

Telephone number: optional
Permanent Mailing Address: This should be the same address you use on official government documents such as tax returns and voter registration cards.
→ **State of Legal Residence:** If you select that you have lived in CA for at least 5 years, you are eligible for the California State student aid application (the Cal Grant).

→ **Are you a U.S. Citizen?** If you select “No, but I am an eligible noncitizen”, you will be asked to provide your Alien Registration Number.
→ Select the option that best fits your *initial* educational goal. It is important to NOT select "other/undecided" as it may limit the grants you can receive.

→ If you took college courses while in high school, and were dually enrolled, you are still considered a first-time college student and can select the option: **"Never attended college/1st yr."**

→ *Work study?* Answer Yes!
- **Male or female:** This is based on their sex at birth as indicated on their birth certificate.

- **Selective Service:** Males between the ages of 18-25 are required to register with the Selective Service System to complete their FAFSA, including CADAA applicants.

- CADAA applicants must register via mail.
Driver’s License: A driver’s license is not required to complete the application, but can help prevent identity theft.
→ Answer YES to this question, even if you were only in foster care for one day.

[Note: This question is not on CADAA]

→ Foster youth can select “Other/unknown” for “Highest School Completed by Parent.”
FAFSA SECTION 1: STUDENT DEMOGRAPHICS

- If this is **not** your first year of college, you will be asked if you have ever received federal student aid.

- If yes, you will be asked if you have been convicted for the possession or sale of illegal drugs for an offense that occurred *while* receiving federal student aid.

Note: This applies to federal student aid and is not part of the CADAA.
School Selection Section
• Provide the name, city and state of your high school if you indicated that you are still in high school or have completed your high school diploma.

• **Important:** Use the search function to ensure accuracy

• You will not be prompted to answer this question if you indicated that you received a GED or equivalent in the prior section.
• Search for and select up to 10 colleges that you may want to attend.

• You can update or change school selections later if your plans change or you’re just not sure yet.
• Select at least one college or “ADD MORE SCHOOLS.”

• After the FAFSA has been processed, you can submit an additional 10 by replacing the original 10.
• Do NOT select “With Parent” as your housing plan if you plan to live with a foster parent, relative caregiver or legal guardian.

• Instead, select “Off-Campus.”

• The order in which you list the colleges does not make a difference in California.
Dependency Status Section

Dependency Determination
**Marital Status:** *Your* legal status is “single” if you are not married, even if you live with or have a boyfriend, girlfriend or significant other.
“Does Student Have Dependents?”

If “Independent” you do not have to provide any information, including income information, about biological, adoptive, foster parents (including relative or non-relative caregivers) or legal guardians in the Parent Demographics or Financials section.
Current or former foster youth may qualify for “Independent Student Status” on the FAFSA if they can answer “Yes” to any part of either of these two questions:
How is Foster Youth Status Verified?

Automatic verification through a data match with the California Department of Social Services (CDSS)

Only submit a verification letter if data match is unsuccessful.

How to Provide Verification of Foster Youth Status:

- **Current foster youth**: Contact your county social worker or Independent Living Program (ILP).

- **Former foster youth**: Can also contact the State Foster Care Ombudsman’s Office: 877-846-1602.
Number in College:
Enter “1” for number in college unless you have a spouse who will also be attending college at least half-time.
- You are determined to be an Independent Student.

- You can answer “No” to skip questions about your parents.

- Answering “No” will not prevent you from getting financial aid.

FAFSA SECTION 3: DEPENDENCY STATUS

You are considered an "independent" student. This means you are not required to answer questions about your parents. However, you may want to answer questions about your parents if:
- you are a law school or health profession student (such as a medical or nursing student), or
- your school requires parental information from all students.

Do you want to answer questions about your parents?

- Yes
- No
Parent Demographics & Financials Section
Independent students will skip these sections and proceed to “Student Financials” section.
Student Financials Section

These instructions are for students with “Independent Status.” Dependent students will need to also provide parent information.

Option a). If you select “Already Completed” IRS Income Tax Return
Option b). If you select “Will File” IRS Income Tax Return
Option c). If you select “Not Going to File” IRS Income Tax Return
FAFSA uses income and tax information from the “prior-prior” year. (Ex. 2018)

Asset info is based on the date the FAFSA is filed.

You must select one of three options about your IRS income tax return:
• Already completed
• Will file
• Not going to file
Option a).
If you select “Already Completed” IRS Income Tax Return

If you filed taxes for the requested year, select this option.
Student Tax Filing Status

If you select “Already Completed”:

Select “Link to IRS”

- If you don’t have a copy of your tax return, you can download a free transcript at [irs.gov/transcript](http://irs.gov/transcript) or request a federal income tax return transcript by filing IRS Form 4506-T, which can be found at [www.irs.gov/pub/irs-pdf/f4506t.pdf](http://www.irs.gov/pub/irs-pdf/f4506t.pdf).

If you see a reference to a $50 fee, it means you have the wrong form (IRS Form 4506 instead of IRS Form 4506-T).
Student Leaving FAFSA

- “Leaving FAFSA on the Web” will display when going to the IRS Web site.

- You can “SKIP IRS TRANSFER” to enter the information manually [not recommended].
You will be taken to the IRS Data Retrieval Tool Site.

- A warning text appears as the IRS Data Retrieval Tool site is displayed.
- Click “Ok”
The fields at the top are pre-filled based on FAFSA responses.

Provide the address that matches your Federal Income Tax Return for the requested year.
EX. 2019-20 IRS Data Retrieval Tool, page 1, continued:

- Click “Submit” to retrieve IRS data, or “Return to FAFSA”
Check the “Transfer My Tax Information...” box and click “Transfer Now” to carry this data back into your FAFSA.

You are again notified on this page that the information will not display on the IRS page or on the fsa.ed.gov site.
EX. 2019-20 “Student Financial Information” page.

This data cannot be changed or viewed.
EX. 2019-20 “Student Financial Information”. 

If the student clicked on “No Thanks” for using the IRS Data Retrieval Tool, then they will be asked questions about income and tax information from their federal income tax return.
Option b). If you select “Will File”
IRS Income Tax Return

Very few people will need to select this option. If you were required to file taxes, but missed the deadline, select this option.
Student Tax Filing Status

If you select “Will file” a tax return, indicate what your filing status will be when you do file.

A message will appear to confirm that you have missed the deadline to file taxes, but still plan to file an income tax return.

Click “OK” if this is true.

Remember: If a student selects “Will File” they must update their FAFSA once they have filed their federal income tax return.
Student IRS Info

Either use the prior year’s taxes if the information is similar to provide estimates, or click “Income Estimator” for assistance estimating the adjusted gross income.

Gross income = total income paid to you before any deductions or taxes were taken out.

Same questions as if “Already Completed”
Option c). If you select “Not Going to File” IRS Income Tax Return

If you did not have to file taxes, select this option. You will still be asked questions about any income you may have earned or received.
Select “Not going to file” if you did not work or did not make enough money to require you to file taxes for the requested year.

You may be required to submit an IRS Verification of Nonfiling Letter.

For more info & instructions”

**TIP**

Unsure if you made enough money to file taxes? Each year the income requirement is different.

Ex. In 2018, if you were single, under 65 and your gross income was at least $12,000, then you needed to file a tax return.
Student Income from Work

The student will be asked to provide how much money was earned from working.
Student Additional Financial Info

If you received federal work-study, you must enter the information twice in the FAFSA so that it is subtracted when determining your total income.

First, include the amount in the total provided when asked “How much did you earn from working?” and then in this section.
FAFSA SECTION 5: FINANCIAL INFORMATION

Student Untaxed Income

You DO NOT have to report the following information as income earned from working, or as “Untaxed Income”:

→ Extended Foster Care (AB 12) benefits—including SILP payments or payment from a THP-Plus FC program (even if your SILP payment is sent directly to you). This also includes the infant supplement.
→ Welfare (CalWORKs) payments
→ Untaxed Social Security benefits
→ Supplemental Security Income (SSI) - do not confuse with Social Security Disability Insurance (SSDI)
**Student Assets:**

If asked, click “Yes” to skip questions about your assets. It is not required.

If your income is over a certain threshold, you will instead be asked to provide information about your assets such as savings or investment accounts.
