

WEBINAR

PARTNERING WITH LOCAL MENTAL HEALTH PROVIDERS TO SUPPORT FOSTER YOUTH IN COLLEGE

WHEN

Thursday, February 4
9:30 AM - 11:00 AM

WHAT

John Burton Advocates for Youth (JBAY) and the California Community College Chancellor's Office (CCCCO) will be hosting a webinar to debut the new Partnering with Local Mental Health Providers to Support Foster Youth in College Toolkit.

From 2018 to 2020, JBAY and the Los Angeles County Department of Mental Health (LACDMH) led a multi-year effort with 11 community colleges to link Medi-Cal-eligible students, as well as students with no insurance, to mental health services in the community by leveraging existing funding and developing new systems to co-locate services on campus. The new Toolkit documents these efforts so that California Community College support program staff, campus health center or mental health staff, county mental health agencies, and local providers can implement these practices.

In this webinar, JBAY, the Chancellor's Office, LACDMH, Rio Hondo College and College of the Canyons will present an overview of the Toolkit framework and will share how the practices identified in the Toolkit can be replicated to serve students with involvement in the foster care system, and other vulnerable student groups.
